DIETARY SUPPLEMENT

SUPPLEMENT FACTS
 Serving Size: 2 Capsules Servings Per Container: 30

| Amount Per 2 Capsules (Veg): | %DV |
|---|----------------|
| Thiamin (B1) (as Thiamin HCl) | 25 mg 1,667% |
| Riboflavin (Vitamin B2) | 25 mg 1,470% |
| Niacin (Vitamin B3) (as niacinamide) | 10 mg 50% |
| Vitamin B6 (as Pyridoxal-5-Phosphate) | 30 mg 1,500% |
| Folate (as (6S)-5-methylfolate) (equivalent to 500 mcg of (6S)-5-Methyltetrahydrofolic acid, glucosamine salt)† | 250 mcg 63% |
| Vitamin B12 (as Methylcobalamin) | 500 mcg 8,333% |
| Biotin | 1,000 mcg 333% |
| Pantothenic acid (as D-Calcium Pantothenate) | 200 mg 2,000% |
| Calcium (from D-Calcium Pantothenate, calcium sulfate, dicalcium phosphate) | 40 mg 4% |
| Zinc (from TRAACS® Zinc Glycinate Chelate) | 10 mg 67% |
| Chromium (from TRAACS® Chromium Nicotinate Glycinate Chelate) | 200 mcg 167% |
| Alpha Lipoic Acid | 200 mg ** |
| Boswellia (Boswellia serrata) Gum Resin Extract (BosPure®) standardized to contain >70% Total Organic and Boswellic Acids with AKBA >10% with less than 5% beta-boswellic acids | 100 mg ** |
| Benfotiamine | 50 mg ** |

When you are looking for ways to maintain the health of your nerves and feet, it can be a challenge.

Fortunately, there is **Nerve Complex™**. This powerful combination of nutrients provides support for nerve function, proper blood circulation, and blood sugar metabolism, to help you stay active and comfortable.*

- Supports healthy nerve function especially in the feet and hands
- Aids proper blood circulation
- Supports healthy blood sugar metabolism*

This superior formula includes:

- **Bioactive B-vitamins:** to support healthy blood sugar levels already within normal limits, carbohydrate metabolism, and healthy nerve system structure and response.*
- **Chromium and Zinc:** to support proper insulin response and healthy tissue formation and maintenance.*
- **Alpha-lipoic Acid:** supports levels of glutathione, one of the body's natural free-radical fighters to keep nerve tissue healthy and functioning properly. Clinical studies have shown that use of supplemental alpha-lipoic acid can support healthy blood sugar levels and nerve health.*
- **BosPure® Boswellia:** is uniquely purified to increase levels of key actives compared to unstandardized boswellia for stronger results.*

Frequently Asked Questions for Nerve Complex™:

Q. Why have chromium in the formula?

A. Chromium is frequently seen in supplement formulations that focus on blood sugar health concerns because studies show that it is effective at promoting a healthy insulin response.*

Q. What are chelates?

A. A “chelate” is a bond between a mineral (often called “inorganic”) and a molecule structure, called a “ligand” that helps the body absorb the mineral during digestion. The amino acid glycine makes an excellent molecule to help shepherd minerals through the intestinal wall, because it is so small that it can be transported directly into the cells of the body, so it can get to work right away. The chromium and zinc in this formula are chelated trace minerals that use The Real Amino Acid Chelate System, known as TRAACS®.

Q. Why is ‘high-AKBA’ important when you’re talking about boswellia?

A. Because not all boswellia extracts are the same. **Nerve Complex™** features BosPure® Boswellia. BosPure® provides at least 10% or more of the compound acetyl-11-keto-β-boswellic acid (AKBA), which supports many systems throughout the body.* However, not every compound in boswellia is associated with beneficial effects, so BosPure® is also screened to reduce beta-boswellic acid content to less than 5%. By doing this, BosPure® has enhanced effectiveness compared to standard boswellia extracts.*

What to pair with Nerve Complex™:

- **Bio Active Essentials™** – Provides a bioactive multivitamin and chelated mineral formula suitable for everyone.*
- **EurOmega-3®** – Whole food Omega-3 fatty acids in a biologically active, stable, phospholipid form as it naturally occurs in salmon.*
